To
The OSGeo Conference Committee

Dear Committee,

On behalf of Environment Systems, I am pleased to support the UK Organising Committee's bid to host the Free and Open Source Software for Geospatial (FOSS4G) Conference in 2013 in Nottingham, UK.

We would very much like to see FOSS4G hosted in the UK to help further foster awareness of the capabilities and matureness of the open source platforms available to the geospatial community in what is one of the largest markets in the industry.

We look forward to actively participating in the FOSS4G Conference and encouraging the open source geospatial community to join us in Nottingham for FOSS4G 2013.

Best wishes,

Seb Hudson
