Background

About OSGeo

The Open Source Geospatial Foundation (<http://www.osgeo.org/>) is a not-for-profit organization whose mission is to support and promote the collaborative development of open geospatial technologies and data. The Foundation provides financial, organizational and legal support to the broader open source geospatial community. It also serves as an independent legal entity to which community members can contribute code, funding and other resources, secure in the knowledge that their contributions will be maintained for public benefit. OSGeo also serves as an outreach and advocacy organization for the open source geospatial community, and provides a common forum and shared infrastructure for improving cross-project collaboration. The Foundation's projects are all freely available and usable under OSI-certified open source licenses.

Conference History

Originally, FOSS4G and its predecessors have been the annual conference for the GeoServer (<http://geoserver.org/>), MapServer (<http://mapserver.org>), and GRASS GIS (<http://grass.itc.it/>) communities, but the goal of OSGeo is to ensure that new conferences present a balanced mix of projects, as communities develop. The following table lists the past and upcoming affiliated conferences and their contacts (for more information on these past conferences see the appendices of this document).

Name	Date	Location	Description	Committee Contact
Free and Open Source Software for Geospatial (FOSS4G)	2014-09-08 to 2014-09-12	Portland, OR, USA	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Darrell Fuhrman (darrell@garnix.org)
Free and Open Source Software for Geospatial (FOSS4G)	2013-09-17 to 2013-09-21	Nottingham, UK	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Steven Feldman (shfeldman@gmail.com)
Free and Open Source Software for Geospatial (FOSS4G)	2011-09-12 to 2011-09-16	Denver, CO, USA	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Peter Batty (peter.batty@gmail.com)
Freie und Open Source Software für Geoinformationsysteme (FOSSGIS)	2011-04-05 to 2011-04-07	Heidelberg, Germany	Mainly German MapServer community	Georg Lösel (georg.loesel@fossgis.de)

Free and Open Source Software for Geospatial (FOSS4G)	2010-09-06 to 2010-09-09	Barcelona, Spain	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Lorenzo Becchi (lbecchi@osgeo.org)
Free and Open Source Software for Geospatial (FOSS4G)	2009-10-20 to 2009-10-23	Sydney, Australia	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Cameron Shorter (cameron.shorter@gmail.com)
Freie und Open Source Software für Geoinformations systeme (FOSSGIS)	2009-03-17 to 2009-03-19	Hannover, Germany	Mainly German MapServer community	Georg Lösel (georg.loesel@fossgis.de)
Free and Open Source Software for Geospatial (FOSS4G)	2008-09-29 to 2008-10-03	Cape Town, South Africa	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Gavin Fleming (gavinjfleming@gmail.com)
Free and Open Source Software for Geospatial (FOSS4G)	2007-09-24 to 2007-09-27	Victoria, BC Canada	General open source GIS. MapServer, QGIS, GRASS, PostGIS, MapGuide, GeoTools, GeoServer, etc.	Paul Ramsey (pramsey@cleverelephant.ca)
Freie und Open Source Software für Geoinformations systeme (FOSSGIS)	2007-03-12 to 2007-03-15	Berlin, Germany	Mainly German MapServer community	Georg Lösel (georg.loesel@fossgis.de)
Free and Open Source Software for Geoinformatics (FOSS4G)	2006-09-12 to 2006-09-15	Lausanne, Switzerland	Mainly EOGE, MapServer, GRASS, Java communities	Claude Philipona (claudio.philipona@camptocamp.com)
Freie und Open Source Software für Geoinformations systeme (FOSSGIS)	2006-03-29 to 2006-03-30	Bonn, Germany	Mainly German MapServer community	Georg Lösel (georg.loesel@fossgis.de)
Open Source Geospatial (OSG)	2005-06-16 to 2005-06-18	Minneapolis, MN, USA	Mainly EOGE, MapServer communities	Steve Lime (steve.lime@state.mn.us)
Free/Libre and Open Source Software for Geoinformatics GIS-GRASS (FOSS/GRASS)	2004-09-12 to 2004-09-14	Bangkok, Thailand	Mainly GRASS community	Venkatesh Raghavan (grass_uc@giswv.media.osaka-cu.ac.jp)
Open Source GIS (OSGIS)	2004-06-09	Ottawa, ON	Mainly MapServer	Jeff McKenna

	to 2004-06-11	Canada	community	(jmckenna@gatewaygeomatics.com)
Open Source Free Software GIS - GRASS	2002-09-11 to 2002-09-13	Trento, Italy	Mainly GRASS community	Paolo Zatelli (paolo.zatelli@ing.unitn.it)

Conference Description

The Open Source Geospatial Foundation (OSGeo) aims for the 2015 conference to be **the** geospatial conference of the year. The 2015 conference will be the eleventh global OSGeo conference, and going along with the goal of the OSGeo foundation, this conference will promote open source geospatial technologies and data. From past conference attendance (see appendices), you can see that the numbers have been growing quickly, and the hope is that the next conference will continue this momentum. For the 2015 conference we would ask that a host be able to handle up to 1000 attendees.

Conference Structure

Previous FOSS4G conferences have had the following general components:

- One to two days of workshops. Workshops are generally 3.5 hour instructional sessions, in a computer lab setting. Workshop instructors provide software, data, and materials in exchange for free conference admission. Attended by 200 to 300 people, depending on facilities.
- Three days of the “main conference”. Opening and closing plenary sessions with all attendees at the start and end. Sometimes additional plenary sessions at the start and/or end of conference days. Approximately six to nine parallel tracks of presentations, with each presentation consisting of a 20-25 minute talk, 5 minutes of Q&A, and 5 minutes of transition time between talks. Attended by 500-900 people, depending on conference attendance.
- An “academic track”, with paper selection organized by an academic committee and a venue for publication of proceedings.
- An “ice breaker” event on the evening before the first day. Usually held in a large bar or restaurant, but could be in any venue that allowed for easy mixing and mingling.
- A “banquet” event on the evening of the second day. Usually held in a “showcase” venue, examples have included: art museum, castle, harbor cruise, cultural restaurant.
- The Sol Katz Award, presented during the closing plenary session. The award is selected and presented by the Sol Katz committee, the conference organizers need only include 15 minutes in the closing plenary schedule for the presentation.
- The OSGeo Annual General Meeting. Held in a venue suitable for about 200 people. Interested OSGeo members hear from local chapters, the board, and other speakers on the state of OSGeo. Held either the day before the conference, or on the final day after the closing plenary.
- Birds of Feather Sessions. Held after the days presentations, groups self-organize to discuss topics of common interest.
- OSGeo Directors Face-to-Face Meeting. Held before or after the conference, in a board room or

meeting room provided by the conference organizers.

- A code sprint, usually held after the conference. Interested developers join together for a day of programming on their open source projects.

More Conference Information

Before formulating a letter or proposal, we suggest you review the web sites and programs of past FOSS4G events, as well as the wiki entries for those events:

- Conference sites:
<https://2014.foss4g.org>, <http://2013.foss4g.org>, <http://2011.foss4g.org>, <http://2010.foss4g.org>,
<http://2009.foss4g.org>, <http://2008.foss4g.org>, <http://2007.foss4g.org>, <http://2006.foss4g.org>
- Lessons learned pages:
http://wiki.osgeo.org/wiki/FOSS4G2007_Lessons_Learned,
http://wiki.osgeo.org/wiki/FOSS4G2008_Lessons_Learned,
http://wiki.osgeo.org/wiki/FOSS4G_2009_Lessons_Learned,
http://wiki.osgeo.org/wiki/FOSS4G_2010_Lessons_Learned,
http://wiki.osgeo.org/wiki/FOSS4G_2011_Lessons_Learned,
http://wiki.osgeo.org/wiki/FOSS4G_2013_Lessons_Learned
- Document repository. Includes past bids, program books, sponsorship prospectuses, etc.
<http://svn.osgeo.org/osgeo/foss4g>
- FOSS4G Cookbook (under development): http://wiki.osgeo.org/wiki/FOSS4G_Handbook

Support by OSGeo

Generally speaking it is anticipated that the conference effort will be split into a local organizing committee responsible for all work on venues, and the OSGeo Conference committee. Traditionally the local conference committee did almost all the work, with the international steering committee providing external advice, and some support. Ultimately the success of the event depends on a strong local conference committee that can pull everything together.

OSGeo will take on financial responsibility, including bridge funding and absorbing shortfalls, should attendance fall short of conservative budgeted estimates (to be agreed on early in the planning process).

In return, it is expected that the conference will be budgeted and managed to produce earnings for OSGeo.

It may well happen that the conference is assisted by a professional conference organizer, this is up to your discretion.

Application Process

The OSGeo conference committee has decided to solicit proposals from specific regions each year. For 2015, the event will be aimed at outside of Europe and North America (and the 2016 event will be focused on Europe).

Stage 1: Letter of Intent

"Letters of Intent" will be accepted from potential Local Organizing Committees (LOC) in regions anywhere outside of North America and Europe. If there are no submissions from groups in the region, letters from any region will then be solicited.

Requirements

"Letters of Intent" are limited to a maximum of two (2) pages, and should answer the following questions:

1. Who is your conference chair?
2. Who else is on your local organizing committee (LOC)?
3. What is the experience of your committee members with similar events?
4. What is your venue? (include access to Internet, room sizes, maximum attendees)
5. What is the price range and general location of your proposed accommodations? (hotels)
6. Are you partnering with other local organizations?
7. What makes FOSS4G in your proposed location compelling?

Due Date

Submit your letters by 23:00 UTC on 2014-03-14

(<http://www.timeanddate.com/worldclock/fixedtime.html?year=2014&month=03&day=14&hour=23&min=0&sec=0>) electronically in PDF form to the conference email list: conference_dev@lists.osgeo.org

Committee Question Period

A period between the letter of intent closing date and the Stage 1 decision date will be used by the committee to ask for further information regarding the potential bids; the question period will be from 2014-03-15 to 2014-03-21. Questions will be asked on the [conference_dev](mailto:conference_dev@lists.osgeo.org) email list.

Committee Decision

If more than one letter of intent is received, members of the OSGeo conference committee will vote by each selecting a single letter as their choice. A letter must receive the backing of at least two members to move on to the bid stage. Exact voting results will not be released. The committee reserves the right to extend the selection deadline and solicit additional proposals at its discretion.

Selected letters will be announced on 2014-03-26.

Stage 2: Bid Submission

Once your letter of intent has been accepted you must then submit a full proposal, as outlined next. If only one letter is received in Stage 1, a full proposal is still required.

Requirements

Stage 2 respondents interested in hosting the 2015 conference should provide information on:

1. Your reasons for hosting the conference, and your goals for FOSS4G.
 - (a) How will your conference succeed financially (making a profit)?
 - (b) How will your conference succeed socially (giving people the unstructured space and time to meet and engage with one another)?
 - (c) How will your conference provide open source education (providing good training opportunities to new users)?
 - (d) How will your conference promote open source geospatial software (bringing new organizations into the open source community)?
2. The hosting location.
 - (a) What city will the conference be in, what is interesting about it?
 - (b) What venue will the conference be in, what are the number of rooms available, seating, and associated pricing?
 - (c) Available workshop facilities, number of rooms, computers per room, pricing, strategy for providing workshop facilities.
 - (d) Available rooms for additional small business meetings.
 - (e) What accommodations are available? Where are they relative to the venue? Pricing? Quantity?
 - (f) What is the maximum size your venue could entertain? The minimum?
3. The hosting organization and local community.
 - (a) Supporting local organizations (companies, universities, user groups) and individuals that would be involved in the local conference committee, and a sense of their level of commitment.
 - (b) Local organizing committee.
 - (c) Local open source development and implementation activity, interest and enthusiasm for open source geospatial in your region.
 - (d) How do you plan to manage/organize work and relations with OSGeo (especially with the board and conference committees)?
4. The budget.
 - (a) What is your budget? Expenses for venue, food, marketing, audio-visual, network access, etc
 - (b) What is your expected attendance? Why? Where do you think delegates will come from?
 - (c) What is your expected sponsorship? Why? Do you have local potential sponsors already identified? At what levels?

5. The program.

- (a) Provide a high-level view of the program, indicating number of tracks, size of tracks, workshops, size of workshops, and other features of your program. Indicate the number of presentations, posters, and workshops you expect to accept.
- (b) What social events will be part of the schedule?
- (c) What dates do you expect to run the conference? Are they adjustable?
- (d) Provide a list of local/regional/international conferences around the selected date that are viewed as competition or could provide synergy.

6. Other

- (a) Other relevant details (ie. do you plan to use professional conference organizing service, and approximate cost).

Evaluation Criteria

The responses will be evaluated by the conference committee and a recommendation made for selection to the OSGeo board.

Criteria affecting selection will include:

- A sense of local capabilities (number of volunteers, committee members, experience, commitment, understanding of details) to pull off the conference.
- A sense of the reliability and plausibility of budget estimates provided.
- Suitability of the proposed facilities for hosting a conference.
- Ability to host several hands-on workshops.
- Size of conference that could be hosted? (Up to 1000 comfortably)
- Availability of a variety and suitable quantity of accommodation (some inexpensive accommodation is also desirable).
- Reasonable transportation to and around the conference venue.
- Cost for attendees. We hope to keep cost per participant under \$650 USD for the conference and workshops. We also desire some reasonably priced accommodation and, ideally, reasonable travel costs for most attendees. Note: please include all prices in USD in your proposal, and please specify a currency date in your proposal (e.g. USD 2013-05-01).
- Interestingness of meeting locale.
- Involvement by the various sector types (local committee should include private and public sector interests).
- Does the conservative budget estimate result in a reasonable profit.

Budget

A budget template is available to download at <http://svn.osgeo.org/osgeo/foss4g/rfp/2015/osgeo-conference-budget-template.ods> (in Open Office format). Note that a budget is required for the submission, but it does not need to follow the template. This template is available for assistance during your planning. Please provide your budget in US dollars, as of 2013-05-01.

Timing

The past three conferences have been held in the month of September, and some continuity is

desirable. However, other dates are possible, as long as you give yourself enough time to attract sponsors. Please propose a date for the conference, as well as the reasoning for your date selection (keeping in mind of other conference conflicts in the industry as well).

Conference Naming

The conference name will be 'FOSS4G 2015 presented by OSGeo'. Other variants of the name may be considered, for translation purposes.

Conference Logo

For continuity, the conference logo used must contain a variation of the FOSS4G “ribbon”. You can also view how past organizing committees used the ribbon in their design at www.foss4g.org

Hosting OSGeo's Annual General Meeting (AGM)

In addition to the regular conference program, space should be allocated for the AGM, which is a completely open meeting (no registration is required). A room with the ability to hold approximately 50 percent of the conference attendees should be available, for a single half-day session. For example, the 2007 AGM was held after the workshops, on the day before the beginning of the conference.

Submission Format and Method

The proposal must be submitted in Portable Document Format (PDF). Please contact the OSGeo conference committee if creating a document in this format is a problem for you.

Email your submission to the conference email list (see next section for subscription help). Note that some sensitive sections of your proposal (such as budgeting) can be submitted privately (to Bart van den Eijnden <bartvde@osgis.nl>).

Due Date

Submit your full proposals by 23:00 UTC on 2014-04-28 (<http://www.timeanddate.com/worldclock/fixedtime.html?year=2014&month=04&day=28&hour=23&min=0&sec=0>) electronically in PDF form to the conference email list: conference_dev@lists.osgeo.org

Committee Question Period

A period between the solicitation closing date and the decision date will be used by the committee to ask for further information regarding proposals; the question period will be from 2014-04-29 to 2014-05-12. Questions will be asked on the [conference_dev](mailto:conference_dev@lists.osgeo.org) email list.

Committee Decision Method

OSGeo conference committee members will individually order the proposals from best to worst based on their subjective judgement of the proposal. The final selection will be determined by aggregating the

individual orderings. The evaluation criteria have no fixed weighting and are used as a general guide. In the case of a tie, the Conference Committee chair's vote will be used to resolve the tie.

Committee Decision

Members of the OSGeo conference committee will vote after the question period ends to select the best proposal based on the evaluation criteria. Exact voting results will not be released. The conference committee chair will then propose the location to the OSGeo board, who must formally approve of the decision.

The final decision will be announced on 2014-05-16.

Establishing the Local Organizing Committee

Following the committee's decision, there is a process of establishing a local organizing committee (LOC) which will include both local organizers and representatives of OSGeo. The LOC will be expected to operate within a budget framework to be approved by the OSGeo board.

Attendee Contact Information

Attendee contact information from previous conferences will be made available to the winning committee.

Communication

Conference organizing companies in particular have sometimes been uncomfortable working with OSGeo because of our internet oriented communications. When engaging with OSGeo to prepare your bid, join the mailing list and chat rooms so you can get the answers and feedback you need.

Mailing List

General inquiries should be sent to the OSGeo conference email list. To join this list please go to the subscription page (http://lists.osgeo.org/mailman/listinfo/conference_dev) and follow the instructions provided. To read up on what has already been discussed please the mailing list archives (http://lists.osgeo.org/pipermail/conference_dev/). Feel free to email Bart van den Eijnden or past conference contacts as well.

Instant Messaging

Conference committee members are also available by instant messaging, through Internet Relay Chat (IRC). Here are the connection details:

```
Server: irc.freenode.net  
Channel: #osgeo
```

You can connect directly to IRC through your Web browser: <http://webchat.freenode.net/>

Home Web Page

The OSGeo conference page exists at <http://www.osgeo.org/conference/> which contains important documents from several past conferences. This is the home for the OSGeo Conference committee.

Communications by Successful Committee

Participants in OSGeo projects and committees come from all parts of the globe, so the primary means of collaboration and communication used by OSGeo are mailing lists and the OSGeo wiki (<http://wiki.osgeo.org>). It is expected that these tools will also be used for the collaboration and communications needed to organize the FOSS4G 2015 conference.

Important Dates

Letters of Intent (Stage 1) due:	2014-03-14 (23:00 UTC)
Stage 1 question period:	2014-03-15 to 2014-03-21
Stage 1 decision:	2014-03-26
Proposals (Stage 2) due:	2014-04-28 (23:00 UTC)
Stage 2 question period:	2014-04-29 to 2014-05-12
Final decision:	2014-05-16

Appendix A. FOSS4G 2013 Conference Report

Conference Name: **FOSS4G 2013**

Date: **September 17-21, 2013**

Location: Nottingham, **United Kingdom**

Organizing Committee Contact (including email): **Steven Feldman** (shfeldman@gmail.com)

*Note: please specify the type of currency you are referring to throughout the document: **UK Pounds (£)***

General Information

Attendance

Type	Number of Attendees
General Sessions	Thurs 19th - 799, Fri 20th - 797, Sat 21st - 736
Workshops	Booked for 8 hrs - 88, booked for 16 hrs - 99
Exhibition Only	n/a
Social Event	Pre event Ice Breaker on 18th - 163, Gala Night on 19th - 722, Closing Party on 21st - 133

Conference Fees for 1 Individual

	Early (rates inc UK sales tax at 20% i.e. this is what a delegate paid)	Late (rates inc UK sales tax at 20% i.e. this is what a delegate paid)
Conference Pass (full conference 3 days inc social event)	£350	£435
Single Day pass	£135	£165
Workshops (choices could be from either day)		
8 hours	£60	£75
16 hours	£120	£150
Exhibits Only	n/a	n/a
Social Events		
Ice Breaker	£35	£35
Gala Night (free with full conference pass, chargeable for day delegates £55)	Free to full delegates £30	Free to full delegates £30
Closing Party		

Notes

- The prices above represent what delegates paid including UK sales tax of 20% we received 83% of these rates
- About 60% of delegates took advantage of early bird rates
- We offered accommodation in university rooms (£50) or the on site hotel (£140) and about half of the delegates booked through us.
- Delegates could book 8 or 16 hours of workshops and then select the sessions they wished to attend across the 2 days
- Most delegates booked the full conference package which included the Gala Night

Financial Information

Sponsorship

Please include your top 5 sponsors and their amount:

Sponsor Name	Amount/Level
Ordnance Survey	Diamond - £25,000 <u>plus sales tax</u>
UK Met Office	Diamond - £25,000 <u>plus sales tax</u>
Google	Gold - £10,000 <u>plus sales tax</u>
Sopra	Gold - £10,000 <u>plus sales tax</u>
Envitia	Gold - £10,000 <u>plus sales tax</u>
Eclipse LocationTech	Gold - £5,000 <u>plus sales tax</u> <u>plus</u> the provision of video recording staff, equipment and service for the whole of the conference

*please attach the public sponsorship document (describing possible levels) See <http://2013.foss4g.org/sponsorship-opportunities/sponsorship-packages/index.html>

Financial Report

REVENUE

Type	Amount
Registration (includes charges for on site accommodation)	£346,015
Workshops (income not separated and included in above but estimated at £15,000)	
Exhibits	0
Sponsorship	£138,694
Social Event (included in conference fee, very few bookings by day delegates)	
Other	
<i>Total</i>	£487,709

EXPENSES

Type	Amount
Marketing (Web site, t-shirts, programme book, delegate gifts, signage etc)	£20,102
Administration (travel, insurance registration service, credit card fees, PCO fee at 5% of costs)	£44,914
Venue (includes meals, catering for social events, on site accommodation)	£278,163
Meals (inc in venue above)	
Social Event (main cost was catering included in venue above) costs of entertainers	£4,785
Misc. (GeoCamp - Marquee)	£26,171
Contingency for late bills received	£3,000
<i>Total</i>	£377,456
Surplus	£107,252
Donations (AGI £7,500, OSGeo UK Chapter £7,500, Others £1,000)	£16,000
Returned to OSGeo Foundation	£91,252 (approx \$146,000)

Notes

- We did not directly pay to rent the venue or the computer labs for the workshops, the charge was incorporated in the daily delegate fee which included lunches, drinks and the use of the venue. The cost per delegate per day was £57 plus sales tax)

- the cost per delegate for the Ice Breaker dinner and drinks was £28
- The cost per delegate for the gala night dinner and drinks was £35

Suggestions

Use this space for your suggestions for future OSGeo conferences.

It would very helpful to have some spreadsheet / database / Software, which helps us with the handling of participants, workshops, billings, reports etc.

We actual working with some spreadsheets and a Wiki. A consistent system where we can handle all administrative stuff for the conference would be great.

Do you have any suggestions or experience with system X or system Z?

I attached a spreadsheet (available at <http://www.osgeo.org/conference/archives/fossgis>) which reflects the changes on our bank account, I have not real “report” by click, due to the problem described above. The spreadsheet is meant to raise the transparency of our work rather than to report.

Lot of work, mainly administration, was handled by members of different companies (MapMedia, Delphi IMM, terrestris, WhereGroup, Intevation) and organisations (GRASS-Anwender-Vereinigung GAV). This work had been substituted through naming on the sponsorship page.

Appendix K. FOSS4G 2006 Conference Report

Conference Name: FOSS4G 2006

Date: from 2006-09-12 to 2006-09-15

Location: Lausanne, Switzerland

Organizing Committee Contact: Claude Philipona (claudio.philipona@camptocamp.com)

Note: the following financial numbers are in CHF (Swiss Francs)

General Information

Attendance

Type	Number of Attendees Early	Number of Attendees Late
General Sessions	284	245
Workshops	241	148
Exhibition Only	N/A	N/A
Social Event	240	107

*registrant list, sponsorship documents and others can be found at:

<http://www.osgeo.org/conference/archives/foss4g>

Conference Fees for 1 Individual

	Early	Late
Conference + Workshops	CHF 300	CHF 350
Conference only	CHF 250	CHF 300
Workshops only	CHF 100	CHF 150
Exhibits Only	free	free
Social Event	CHF 40	CHF 100

Financial Information

Sponsorship

Sponsor Name	Amount/Level
Autodesk	CHF 30,000
Camptocamp	CHF 10,000
Tydac	CHF 10,000
ERDC	CHF 7,000
DM Solutions	CHF 7,000

Financial Report

REVENUE

Type	Amount
Registration	CHF 95,318
Workshops	CHF 34,002
Exhibits	N/A included with sponsorship
Sponsorship	CHF 102,162
Social Event	CHF 17,681
Other	--
<i>Total</i>	CHF 249,162

EXPENSES

Type	Amount
Marketing (website, flyers, posters)	CHF 16,019
Administration (student helper staff salary, credit card fees, bank fees)	CHF 38,150
Venue (banners, conf. Book , badge, t-shirts, conf bag, misc. logistic)	CHF 30,717
Meals (coffee break, lunch, drinks)	CHF 67,707
Social Event	CHF 65,832
Misc. (OSGeo Board meeting, pre-conference staff lunch, Sol Katz award, gifts, video tapes, animation, ...).	CHF 18,734
<i>Total</i>	CHF 237,159

Suggestions

- [OSGeo Board meeting should be included into the RFP of the local committee.
- [Demo Fest not parallel to other event (conference or workshops).
- [Workshop price should be higher to offer better services and to give small compensation (free passes, gifts, money) to the workshop leaders.
- [2 categories for sponsorship was a good idea and was well understood by the companies.
- [Early Social Event fees were too low. CHF 100 seems to be a good price for a social event as we offered, of course it depends on the type of social event that is organized.
- [Local committee should pay an organization fee to the OSGeo Foundation.

Venue	10,510 CAD
Meals	16,074 CAD
Social Event	9,508 CAD
Transportation	1,795 CAD
Event Planner	15,000 CAD
<i>Total</i>	70,259 CAD

Suggestions

- [we provided transportation from hotel to conference, and this is a requirement for future conferences
- [we gave registrants the ability to choose their top 4 workshops to attend
- [we made sure each night had a social event, even if it was just an arranged place to meet at after hours, and this made the conference a success (in terms of feedback)
- [we used a LIVECD for the Linux workshops
- [our downfall financially is that we started looking for sponsors too late
- [we had a special student registration price, and this was very popular
- [our venue costs were very high because we had to rent the space from the university
